SUPPLEMENTAL PRELIMINARY AMENDMENT

Commissioner for Patents
Washington, DC 20231

Dear Sir:

Please amend this application as set forth below.

IN THE SPECIFICATION:

Page 1, lines 8-10, delete the sentence that was inserted in that location and replace it with the following:

This is a continuation of United States Patent Application Serial No. 08/240,877 filed May 11, 1994, which is a division of Application No. 07/981,244, filed November 25, 1992 (now U.S. Patent No. 5,325,892), which is a continuation-in-part of Application No. 07891,289, now abandoned.

BEST AVAILABLE COPY

REMARKS

You will find attached a copy of the first page of a Transmittal Letter that was filed in this application. As the Transmittal Letter indicates, applicants indicated that this application was a "divisional" of prior pending application 08/240,877 filed on May 11, 1994. Rather than checking the "divisional" box, applicants should have indicated that the present application is a "continuation" application. This same error was made in the Preliminary Amendment dated April 18, 2001. Accordingly, the present application should be considered to be a continuation application rather than a divisional application and the claim to priority in this case should be corrected.

Respectfully submitted,

By

Karl G. Hanson
